

CNU Beamer Theme

Author

University of Science and Technology of China

2020.08

Outline

- 1 problem background
- 2 Solution: generative fake data
 - Intro of generative model
- 3 problem of generative model
- 4 How to Solve privacy leakage in Generative Model
 - Review the concept DP
 - How to define privacy and utility in Generative Model
 - An example

problem background

Solution:generative fake data

Intro of generative model

problem of generative model

How to Solve privacy leakage in Generative Model

Review the concept DP

How to define privacy and
utility in Generative Model

An example

problem background

Solution:generative fake data

Intro of generative model

problem of generative model

How to Solve privacy leakage in Generative Model

Review the concept DP

How to define privacy and
utility in Generative Model

An example

problem
background

**Solution:generative
fake data**

Intro of generative model

problem of
generative model

**How to Solve
privacy leakage in
Generative Model**

Review the concept DP

How to define privacy and
utility in Generative Model

An example

problem
background

Solution:generative
fake data

Intro of generative model

problem of
generative model

How to Solve
privacy leakage in
Generative Model

Review the concept DP

How to define privacy and
utility in Generative Model

An example

problem
background

Solution:generative
fake data
